

Kearns High School, Granite School District

Model to Increase Parent Involvement

Maile Loo, Principal

- Placed parent recruitment on our School Community Council (SCC) agenda
- Discussed the need for our current parents to invite a parent that they knew well to our next meeting
- Put the invite on our school website and did a call home
- Spoke to the athletic booster parents
- Spoke to our PTA President and had her place it on her agenda to invite parents to get involved
- Spoke to our SBO's and LIA student leaders to invite their parents to SCC

We explained to parents when they attended SCC why we needed their help.

- Parent participation assists with making academic decisions at Kearns High to help their students.
- SCC parents are a part of a governing body that allocates funds to assist with student academic growth.
- If they stay on the SCC, they receive a free region athletic pass so they and their guest can attend free of charge.
