**GOVERNING DOCUMENT FOR
FIREFLY PUBLIC IMPROVEMENT DISTRICT NO. 8**

**ARTICLE I
INTRODUCTION**

Section 1.01 *Purpose and Intent.* The District is an independent unit of local government, separate and distinct from the City, and, except as may otherwise be provided for by State or local law or this Governing Document, its activities are subject to review by the City only insofar as they may deviate in a material matter from the requirements of the Governing Document. It is intended that the District will provide a part or all of the Public Improvements for the use and benefit of all anticipated inhabitants and taxpayers of the District. The primary purpose of the District will be to finance the construction of these Public Improvements. The District is not being created to provide any ongoing operations and maintenance services.

Section 1.02 *Need for the District.* There are currently no other governmental entities, including the City, located in the immediate vicinity of the District that consider it desirable, feasible or practical to undertake the planning, design, acquisition, construction installation, relocation, redevelopment, and financing of the Public Improvements needed for the Project. Formation of the District is therefore necessary in order for the Public Improvements required for the Project to be provided in the most economic manner possible.

Section 1.03 *Objective of the City Regarding District's Governing Document.*

(a) The City's objective in approving the Governing Document for the District is to authorize the District to provide for the planning, design, acquisition, construction, installation, relocation, and redevelopment of the Public Improvements from the proceeds of Debt to be issued by the District. All Debt is expected to be repaid by taxes imposed and collected for no longer than the Maximum Debt Mill Levy Imposition Term for residential properties and at a tax mill levy no higher than the Maximum Debt Mill Levy for commercial and residential properties, and/or repaid by Assessments. Debt that is issued within these parameters and, as further described in the Financial Plan, will insulate property owners from excessive tax burdens to support the servicing of the Debt and will result in a timely and reasonable discharge of the Debt.

(b) This Governing Document is intended to establish a limited purpose for the District and explicit financial constraints that are not to be violated under any circumstances. The primary purpose is to provide for the Public Improvements associated with development and regional needs.

(c) It is the intent of the District to dissolve upon payment or defeasance of all Debt incurred or upon a court determination that adequate provision has been made for the payment of all Debt.

(d) The District shall be authorized to finance the Public Improvements that can be funded from Debt to be repaid from Assessments or from tax revenues collected from a mill levy that shall not exceed the Maximum Debt Mill Levy on taxable properties and that shall not exceed the Maximum Debt Mill Levy Imposition Term on taxable properties. It is the intent of this Governing Document to assure to the extent possible that no taxable property bears an economic burden that is greater than that associated with the Maximum Debt Mill Levy in amount and that no taxable property bear an economic burden that is greater than that associated with the Maximum Debt Mill Levy Imposition Term in duration even under bankruptcy or other unusual situations. Generally, the cost of Public Improvements that cannot be funded within these parameters are not costs to be paid by the District.

Section 3.02 Annexation and Withdrawal.

(a) The District shall not include within any of their boundaries any property outside the District Area without the prior written consent of the City. The City, by resolution, has consented to the annexation of any area within the Annexation Area Boundaries into the District. Such area may be annexed upon the District obtaining consent of all property owners and registered voters, if any, within the area proposed to be annexed and the passage of a resolution of the Board approving such annexation.

(b) The City, by resolution, has consented to the withdrawal of any area within the District Boundaries from the District. **ARTICLE IV
DISTRICT PROPERTIES**

Section 4.01 Land Use and Population. The District Area is expected to consist of residential and commercial/industrial land. The population of the District at build-out is estimated to be approximately 38,236 people.

Section 4.03 No Approval of Development. Approval of this Governing Document by the City does not imply approval of the development of a specific area within the District, nor does it imply approval of the number of residential units or the total site/floor area of commercial or industrial buildings identified in this Governing Document or any of the exhibits attached thereto, unless the same is contained within an Approved Development Plan.

**ARTICLE V
POWERS, IMPROVEMENTS, AND SERVICES**

Section 5.01 Powers of the District.

(a) The District shall have the power and authority to provide the Public Improvements within and without the boundaries of the District as such power and authority is described in the Special District Act, and other applicable statutes, common law, and the Constitution, subject to the limitations set forth herein.

(b) The District shall have authority to provide for the planning, design, acquisition, construction, installation, relocation, redevelopment, and financing of the Public Improvements within and without the boundaries of the District, to be more specifically defined in an Approved Development Plan. An estimate of the costs of the Public Improvements that may be planned for, designed, acquired, constructed, installed, relocated, redeveloped, or financed was prepared based upon a preliminary engineering survey and estimates derived from the zoning on the property in the District Area and is approximately \$300,000,000. All construction cost estimates are based on the assumption that construction conforms to applicable local, State, or Federal requirements.

(c) The District shall be authorized to provide for the planning, design, acquisition, construction, installation, relocation and/or redevelopment and a contribution to the funding of the Regional Improvements and fund the administration and overhead costs related to the provisions of the Regional Improvements.

Section 5.02 Limitations.

(a) **Operation and Maintenance Limitation.** The purpose of the District is to plan for, design, acquire, construct, install, relocate, redevelop, and finance the Public Improvements. The District shall dedicate the Public Improvements to the City or other appropriate public entity or owners' association in a manner consistent with the Approved Development Plan and other rules and regulations of the City and applicable provisions of the City Code. Trails that are interconnected with a city or regional trail system shall be open to the public free of charge and on the same basis as residents and owners of taxable property within the District.

(b) Construction Standards Limitation. The District will ensure that the Public Improvements are designed and constructed in accordance with the standards and specifications of the City and of other governmental entities having proper jurisdiction and shall be in accordance with the requirements of the Approved Development Plan. The District will obtain the City's approval of civil engineering plans and will obtain applicable permits for construction and installation of Public Improvements prior to performing such work.

(c) Privately Placed Debt Limitation. Prior to the issuance of any privately placed Debt, the District shall obtain the certification of a Municipal Advisor substantially as follows:

We are [I am] a Municipal Advisor within the meaning of the District's Governing Document.

We [I] certify that (1) the net effective interest rate to be borne by [insert the designation of the Debt] does not exceed a reasonable current [tax-exempt] [taxable] interest rate, using criteria deemed appropriate by us [me] and based upon our [my] analysis of comparable high yield securities; and (2) the structure of [insert designation of the Debt], including maturities and early redemption provisions, is reasonable considering the financial circumstances of the District.

(d) Overlap Limitation. The Districts shall not impose aggregate mill levy for payment of Debt that exceeds the Maximum Debt Mill Levy of the District. The District shall not consent to the organization of any other public infrastructure district organized under the PID Act within the District Area that will overlap the boundaries of the District unless the aggregate mill levy for payment of Debt of such proposed districts will not at any time exceed the Maximum Debt Mill Levy of the District.

(e) Initial Debt Limitation. On or before the effective date of approval by the City of an Approved Development Plan, the District shall not: (a) issue any Debt; nor (b) impose a mill levy for the payment of Debt by direct imposition or by transfer of funds from the operating fund to the Debt service funds; nor (c) impose and collect any Assessments used for the purpose of repayment of Debt.

(f) Total Debt Issuance Limitation. The Districts shall not issue Debt in excess of an aggregate amount of \$500,000,000. This amount excludes any portion of bonds issued to refund a prior issuance of debt by any of the Districts. The Total Debt Issuance Limitation does not apply to the Districts' pledge of its property tax revenues to the Debt of one of the other Districts. In addition, any C-PACE Bonds do not count against the foregoing limitation and there is no limit to the amount of C-PACE Bonds the District may issue so long as such issuances are in accordance with the provisions of the C-PACE Act.

(g) Bankruptcy Limitation. All of the limitations contained in this Governing Document, including, but not limited to, those pertaining to the Maximum Debt Mill Levy, Maximum Debt Mill Levy Imposition Term and the Fees have been established under the authority of the City to approve a Governing Document with conditions pursuant to Section 17D-4-201(5), Utah Code. It is expressly intended that such limitations:

- (i) Shall not be subject to set-aside for any reason or by any court of competent jurisdiction, absent a Governing Document Amendment; and
- (ii) Are, together with all other requirements of Utah law, included in the "political or governmental powers" reserved to the State under the U.S. Bankruptcy Code (11 U.S.C.) Section 903, and are also included in the "regulatory or electoral

approval necessary under applicable nonbankruptcy law” as required for confirmation of a Chapter 9 Bankruptcy Plan under Bankruptcy Code Section 943(b)(6).

Any Debt, issued with a pledge or that results in a pledge, that exceeds the Maximum Debt Mill Levy and the Maximum Debt Mill Levy Imposition Term, shall be deemed a material modification of this Governing Document and shall not be an authorized issuance of Debt unless and until such material modification has been approved by the City as part of a Governing Document Amendment.

Section 5.03 Procurement. The District shall be subject to the Utah Procurement Code, Title 63G, Chapter 6a. Notwithstanding this requirement, the District may acquire completed or partially completed improvements for fair market value as reasonably determined by a third-party surveyor or engineer and approved by the City Engineer or their designee.

Section 6.02 Transition to Elected Board.

(a) For a District anticipated to include residential property, at the time of annexation of property into a District, such District shall estimate the total number of residential units within the District at full buildout of the property within the District (the “Anticipated Units”). Upon any annexation or withdrawal in accordance with this Governing Document, any affected District may adjust its Anticipated Units to reflect such boundary change. Respective board seats shall transition from appointed to elected seats according to the following milestones:

- (i) Trustee 1 shall transition to an elected seat upon certificates of occupancy being issued for 50% of the Anticipated Units.
- (ii) Trustee 2 shall transition to an elected seat upon certificates of occupancy being issued for 75% of the Anticipated Units.
- (iii) Trustee 3 shall transition to an elected seat upon certificates of occupancy being issued for 90% of the Anticipated Units.

(b) For any District which is not anticipated to include any residential property, the Board shall continue to be appointed by the City Council and comprised of owners of land or agents and officers of an owner of land within the boundaries of the District. Any property owner owning at least 1/3 of the taxable

value of the property within such District shall be entitled to nominate one trustee seat for each 1/3 value (provided that the City retains discretion to reject any nominee and request a new nominee from such property owner).

(c) No transition pursuant to this Section shall become effective until the next scheduled regular election of the District immediately preceding the end of a full term.

Section 6.03 Reelection and Reappointment; Vacancy.

**ARTICLE VII
FINANCIAL PLAN**

Section 7.01 General.

(a) The District shall be authorized to provide for the planning, design, acquisition, construction, installation, relocation and/or redevelopment of the Public Improvements from its revenues and by and through the proceeds of Debt to be issued by the District. The Financial Plan for the District shall be to issue such Debt as the District can reasonably pay within the Maximum Debt Mill Levy Imposition Term from revenues derived from the Maximum Debt Mill Levy, Assessments, and other legally available revenues. The Districts shall not issue Debt in excess of the amount set forth in Section 5.02(f).

(b) The total Debt shall be permitted to be issued on a schedule and in such year or years as the District determines shall meet the needs of the Financial Plan referenced above and phased to serve development as it occurs. All bonds and other Debt issued by the District may be payable from any and all legally available revenues of the District, including general ad valorem taxes to be imposed upon all Taxable Property within the District and Assessments. The District will also rely upon various other revenue sources authorized by law. These will include the power to assess Fees, penalties, or charges, including as provided in Section 17D-4-304, Utah Code, as amended from time to time.

(c) The interest rate on any Debt is expected to be the market rate at the time the Debt is issued. In the event of a default, the proposed maximum interest rate on any Debt is not expected to exceed eighteen percent (18%). The proposed maximum underwriting discount will be five percent (5%). Debt, when issued, will comply with all relevant requirements of this Governing Document, State law and Federal law as then applicable to the issuance of public securities.

(d) Each bond issued by the District shall mature within 31 years from the date of issuance of such bond. In addition, no mill levy may be imposed for the repayment of a series of bonds after a period exceeding 40 years from the date of issuance of such bond (the “*Maximum Debt Mill Levy Imposition Term*”).

(e) All Assessments (other than C-PACE Assessments) imposed by any District on a parcel zoned for residential uses shall be payable at or before the time a building permit is issued with respect to such parcel. Any C-PACE Assessments may be repayable in accordance with the provisions of such act.

Section 7.02 Mill Levy. The “*Maximum Debt Mill Levy*” shall be the maximum mill levy the District is permitted to impose upon the taxable property within the District for payment of Limited Tax Debt. The Maximum Debt Mill Levy for a District shall be as follows:

(a) For a District anticipated at the time of issuance of Debt to contain no residential property, the Maximum Debt Mill Levy shall be six (6) mills.

(b) For a District anticipated at the time of issuance of Debt to contain residential property, the Maximum Debt Mill Levy shall be the lesser of (i) six (6) mills or (ii) a rate which, based upon an independent market study (or similar report) conducted in connection with, and prior to the issuance of Debt would result in a projected annual weighted average tax of not more than \$780 for residential units (based upon the projected number and product type of residences anticipated to be located within the District and assuming all residences qualify for the primary residential exemption). The annual \$780 initial tax limit described in 7.02(b)(ii) is stated in 2023 dollars and is subject to inflation in subsequent years as estimated in the market study. Further, any Maximum Debt Mill Levy established pursuant to this 7.02(b)(ii) at the time of issuance of Debt may be held constant after issuance and shall not be decreased as a result of increased valuations based on the assessed valuations of taxable property by the county assessor subsequent to the issuance of Debt.

(c) Determination of a Maximum Debt Mill Levy by a District in accordance with (b) above is binding and final.

(d) The Maximum Debt Mill Levy shall be subject to adjustment as provided in Section 17D-4-301(8), Utah Code.

(e) The Districts may not overlap to impose mill levies that aggregate in excess of the applicable Maximum Debt Mill Levy as set forth herein.

(f) The Maximum Debt Mill Levy may only be amended pursuant to a Governing Document Amendment and as provided in Section 17D-4-202, Utah Code.

Section 7.03 Debt Repayment Sources.

(a) The District may impose a mill levy on taxable property within its boundaries as a primary source of revenue for repayment of debt service, subject to Section 7.02. The District may also rely upon various other revenue sources authorized by law. At the District’s discretion, these may include the power to assess Assessments, penalties, or charges, including as provided in Section 17D-4-304, Utah Code, as amended from time to time. Except as otherwise provided in this Governing Document, the debt service mill levy in the District shall not exceed the Maximum Debt Mill Levy or, the Maximum Debt Mill Levy Imposition Term, except for repayment of General Obligation Debt or pursuant to an Interlocal Agreement between the District and the City for Regional Improvements.

(b) The District shall not be permitted to charge an End User the costs of any portion of a Public Improvement for which such End User has already paid or is presently obligated to pay through any combination of mill levy, Assessment, or impact fee. This provision shall not prohibit the division of costs between mill levies, Assessments, or impact fees, but is intended to prevent double taxation of End Users for the costs of Public Improvements.

Section 7.04 Debt Instrument Disclosure Requirement. In the text of each Bond and any other instrument representing and constituting Debt, the District shall set forth a statement in substantially the following form:

By acceptance of this instrument, the owner of this Bond agrees and consents to all of the limitations in respect of the payment of the principal of and interest on this Bond contained herein, in the resolution of the District authorizing the issuance of this Bond and in the Governing Document for creation of the District.

Similar language describing the limitations in respect of the payment of the principal of and interest on Debt set forth in this Governing Document shall be included in any document used for the offering of the Debt for sale to persons, including, but not limited to, a developer of property within the boundaries of the District.

Section 7.05 Security for Debt. The District shall not pledge any revenue or property of the City as security for the indebtedness set forth in this Governing Document. Approval of this Governing Document shall not be construed as a guarantee by the City of payment of any of the District's obligations; nor shall anything in the Governing Document be construed so as to create any responsibility or liability on the part of the City in the event of default by the District in the payment of any such obligation.

Section 7.06 Disclosure to Purchasers.

(a) Within thirty (30) days of the issuance of a Certificate of Creation by the Office of the Lt. Governor of the State creating the District, the Board shall record a notice with the recorder of Utah County. Such notice shall (i) contain a description of the boundaries of the District, (ii) state that a copy of this Governing Document is on file at the office of the City, (iii) state that the District may finance and repay infrastructure and other improvements through the levy of a property tax; (iv) state the Maximum Debt Mill Levy of the District; and (v) if applicable, stating that the debt may convert to general obligation debt and outlining the provisions relating to conversion. Such notice shall further be filed with the City.

(b) In addition, the Applicant and the Board shall ensure that the Applicant, homebuilders, commercial developers, and commercial lessors, as applicable, disclose the following information to End Users:

- (i) All of the information set forth in Section 7.06(a);
- (ii) A disclosure outlining the impact of any applicable property tax, in substantially the following form:

“Under its current plan of finance, the District expects to levy a property tax in the amount of 6 mills (approximately \$330 annually for every \$100,000 of assessed value on a primary residence and \$600 annually for every \$100,000 of assessed value on a business property) for the duration of the District's Bonds.”

- (iii) Such disclosures shall be contained on a separate-colored page of the applicable closing or lease documents and shall require the signature of such end user acknowledging the foregoing.

Section 7.07 District's Operating Costs. The estimated cost of acquiring land, engineering services, legal services, and administrative services, together with the estimated costs of the District's organization and initial operations, are anticipated to be \$1,000,000, which will be eligible for reimbursement from Debt proceeds. In addition to the capital costs of the Public Improvements, the District will require operating funds for administration and to plan and cause the Public Improvements to be constructed. The first year's operating budget is estimated to be approximately \$50,000 which is anticipated to be derived from property taxes and other revenues.

Section 8.02 Amendments.

(a) This Governing Document has been designed with sufficient flexibility to enable the District to provide required facilities under evolving circumstances without the need for numerous amendments. Actions of the District that violate the limitations set forth in Section 5.02 above or in Article VII shall be deemed to be material modifications to this Governing Document and the City shall be entitled to all remedies available under State and local law to enjoin such actions of the District.

The City and the District are collectively referred to as the Parties.

RECITALS

B. The Governing Document refers to the execution of an Interlocal Agreement between the City and the District; and

C. The City and the District have determined that it is in the best interests of their respective taxpayers, residents, and property owners to enter into this Interlocal Agreement (“*Agreement*”).

NOW, THEREFORE, in consideration of the covenants and mutual agreements herein contained, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereto agree as follows:

COVENANTS AND AGREEMENTS

1. Operations and Maintenance. The District may dedicate the Public Improvements (as defined in the Governing Document) to the City or other appropriate jurisdiction in a manner consistent with the Approved Development Plan and other rules and regulations of the City and applicable provisions of the City Code. The District shall be authorized, but not obligated, to own Public Improvements not otherwise required to be dedicated to the City or other public entity, and all necessary equipment and appurtenances incident thereto. A third party, such as an owners’ association, may provide for the operation and maintenance of all or a portion of the Public Improvements. Trails that are interconnected with a city or regional trail system shall be open to the public free of charge and on the same basis as residents and owners of taxable property within the District.

2. Construction Standards. The District will ensure that the Public Improvements are designed and constructed in accordance with the standards and specifications of the City and of other governmental entities having proper jurisdiction, as applicable. The District will obtain the City’s approval of civil engineering plans and will obtain applicable permits for construction and installation of Public Improvements prior to performing such work.

3. Inclusion Limitation. The District shall not include within any of their boundaries any property outside the District Area without the prior written consent of the City. The City, by resolution, has consented to the annexation of any area within the Annexation Area Boundaries into the District. Such area may be annexed upon the District obtaining consent of all property owners and registered voters, if any, within the area proposed to be annexed and the passage of a resolution of the Board approving such annexation.

4. Overlap Limitation. The District shall not impose aggregate mill levy for payment of Debt that exceeds the Maximum Debt Mill Levy of the District. The District shall not consent to the organization of

any other public infrastructure district organized under the PID Act within the District Area that will overlap the boundaries of the District unless the aggregate mill levy for payment of Debt of such proposed districts will not at any time exceed the Maximum Debt Mill Levy of the District.

5. Initial Debt. On or before the effective date of approval by the City of an Approved Development Plan (as defined in the Governing Document), the District shall not: (a) issue any Debt; nor (b) impose a mill levy for the payment of Debt by direct imposition or by transfer of funds from the operating fund to the Debt service funds; nor (c) impose and collect any fees used for the purpose of repayment of Debt.

6. Total Debt Issuance. The Districts, collectively, shall not issue Debt in excess of an aggregate amount of \$500,000,000. This amount excludes any portion of bonds issued to refund a prior issuance of debt by any of the District. In addition, any C-PACE Bonds do not count against the foregoing limitation and there is no limit to the amount of C-PACE Bonds the District may issue so long as such issuances are in accordance with the provisions of the C-PACE Act.

7. Bankruptcy. All of the limitations contained in this Governing Document, including, but not limited to, those pertaining to the Maximum Debt Mill Levy and the Maximum Debt Mill Levy Imposition Term have been established under the authority of the City to approve a Governing Document with conditions pursuant to Section 17D-4-201(4), Utah Code. It is expressly intended that such limitations:

(a) Shall not be subject to set-aside for any reason or by any court of competent jurisdiction, absent a Governing Document Amendment; and

(b) Are, together with all other requirements of Utah law, included in the “political or governmental powers” reserved to the State under the U.S. Bankruptcy Code (11 U.S.C.) Section 903, and are also included in the “regulatory or electoral approval necessary under applicable nonbankruptcy law” as required for confirmation of a Chapter 9 Bankruptcy Plan under Bankruptcy Code Section 943(b)(6).

Any Debt, issued with a pledge or that results in a pledge, that exceeds the Maximum Debt Mill Levy and the Maximum Debt Mill Levy Imposition Term, shall be deemed a material modification of this Governing Document and shall not be an authorized issuance of Debt unless and until such material modification has been approved by the City as part of a Governing Document Amendment.

8. Dissolution. Upon an independent determination of the City Council that the purposes for which the District was created have been accomplished, the District agrees to file petitions in the appropriate District Court for dissolution, pursuant to the applicable State statutes. In no event shall a dissolution occur until the District has provided for the payment or discharge of all of their outstanding indebtedness and other financial obligations as required pursuant to State statutes.

9. Disclosure to Purchasers. Within thirty (30) days of the approval of lieutenant governor’s approval the District, the Board shall record a notice with the recorder of Utah County. Such notice shall further be filed with the City. In addition, the Applicant and the Board shall ensure that the Applicant, homebuilders, commercial developers, and commercial lessors, as applicable, disclose the following information to End Users:

(a) All of the information in Section 7.06(a) of the Governing Document;

(b) A disclosure outlining the impact of any applicable property tax, in substantially the following form:

“Under its current plan of finance, the District expects to levy a property tax in the amount of 6 mills (approximately \$330 annually for every \$100,000 of assessed value on a primary residence and \$600 annually for every \$100,000 of assessed value on a business property) for the duration of the District’s Bonds.”

(c) Such disclosures shall be contained on a separate-colored page of the applicable closing or lease documents and shall require the signature of such end user acknowledging the foregoing.

10. Governing Document Amendment Requirement. Actions of the District that violate the limitations set forth in Section 5.02 or Article VII of the Governing Document shall be deemed to be material modifications to this Governing Document and the City shall be entitled to all remedies available under State and local law to enjoin such actions of the District.

11. Annual Report. The District shall be responsible for submitting an annual report to the City Manager’s Office no later than March 31 of each year following the year in which the District was created, containing the information set forth in Section 8.01 of the Governing Document.

12. Regional Improvements. The District shall be authorized to provide for the planning, design, acquisition, construction, installation, relocation and/or redevelopment and a contribution to the funding of the Regional Improvements and fund the administration and overhead costs related to the provisions of the Regional Improvements.

13. Maximum Debt Mill Levy. The “*Maximum Debt Mill Levy*” shall be the maximum mill levy the District is permitted to impose upon the taxable property within the District for payment of Limited Tax Debt. The Maximum Debt Mill Levy for a District shall be as follows:

(a) For a District anticipated at the time of issuance of Debt to contain no residential property, the Maximum Debt Mill Levy shall be six (6) mills.

(b) For a District anticipated at the time of issuance of Debt to contain residential property, the Maximum Debt Mill Levy shall be the lesser of (i) six (6) mills or (ii) a rate which, based upon an independent market study (or similar report) conducted in connection with, and prior to the issuance of Debt would result in a projected annual weighted average tax of not more than \$780 for residential units (based upon the projected number and product type of residences anticipated to be located within the District and assuming all residences qualify for the primary residential exemption). The annual \$780 initial tax limit described in 7.02(b)(ii) is stated in 2023 dollars and is subject to inflation in subsequent years as estimated in the market study. Further, any Maximum Debt Mill Levy established pursuant to this 7.02(b)(ii) at the time of issuance of Debt may be held constant after issuance and shall not be decreased as a result of increased valuations based on the assessed valuations of taxable property by the county assessor subsequent to the issuance of Debt.

(c) Determination of a Maximum Debt Mill Levy by a District in accordance with (b) above is binding and final.

(d) The Maximum Debt Mill Levy shall be subject to adjustment as provided in Section 17D-4-301(8), Utah Code.

(e) The Districts may not overlap to impose mill levies that aggregate in excess of the applicable Maximum Debt Mill Levy as set forth herein.

(f) The Maximum Debt Mill Levy may only be amended pursuant to a Governing Document Amendment and as provided in Section 17D-4-202, Utah Code.

14. Maximum Debt Mill Levy Imposition Term. Each bond issued by the District shall mature within 31 years from the date of issuance of such bond. In addition, no mill levy may be imposed for the repayment of a series of bonds after a period exceeding 40 years from the date of issuance of such bond (the "*Maximum Debt Mill Levy Imposition Term*").
