I. INTRODUCTION

A. Purpose and Intent. The Districts are independent units of local government, separate and distinct from the City, and, except as may otherwise be provided for by State or local law or this Governing Document, their activities are subject to review by the City only insofar as they may deviate in a material matter from the requirements of the Governing Document. It is intended that the Districts will provide a part or all of the Public Improvements for the use and benefit of all anticipated inhabitants and taxpayers of the Districts. The primary purpose of the Districts will be to finance the construction of these Public Improvements.

B. Objective of the City Regarding Districts' Governing Document. The City's objective in approving the Governing Document for the Districts is to authorize the Districts to provide for the planning, design, acquisition, construction, installation, relocation and redevelopment of the Public Improvements from the proceeds of Debt to be issued by the Districts. All Debt is expected to be repaid by at a tax mill levy no higher than the Maximum Debt Mill Levy also subject to the Maximum Debt Mill Levy Imposition Term for commercial and residential properties, and/or repaid by Assessments. Debt which is issued within these parameters will insulate property owners from excessive tax burdens to support the servicing of the Debt and will result in a timely and reasonable discharge of the Debt.

This Governing Document is intended to establish a limited purpose for the Districts and explicit financial constraints that are not to be violated under any circumstances. The primary purpose is to provide for the Public Improvements associated with development and regional needs. Operational activities are allowed, but only through an Interlocal Agreement with the City or relevant public entity.

C. Limitation on Applicability. This Governing Document is not intended to and does not create any rights or remedies in favor of any party other than the City. The Districts shall not pledge as security any land, assets, funds, revenue or property of the City, or property to be conveyed to the City, as security for the indebtedness set forth in this Governing Document. Approval of this Governing Document shall not be construed as a guarantee by the City of payment of any of the District's obligations; nor shall anything in the Governing Document be construed so as to create any responsibility or liability on the part of the City in the event of default by the Districts in the payment of any such obligation. All debt issued by the Districts for which a tax is pledged to pay the debt service shall meet the requirements of all applicable statutes.

G. Bond and Disclosure Counsel; Municipal Advisor.
