## I. INTRODUCTION

A. Purpose and Intent. The Districts are independent units of local government, separate and distinct from the City, and, except as may otherwise be provided for by State or local law or this Governing Document, their activities are subject to review by the City only insofar as they may deviate in a material matter from the requirements of the Governing Document. It is intended that the Districts will provide a part or all of the Public Improvements for the use and benefit of all anticipated inhabitants and taxpayers of the Districts. The primary purpose of the Districts will be to finance the construction of these Public Improvements.

B. Objective of the City Regarding Districts' Governing Document. The City's objective in approving the Governing Document for the Districts is to authorize the Districts to provide for the planning, design, acquisition, construction, installation, relocation and redevelopment of the Public Improvements from the proceeds of Debt to be issued by the Districts. All Debt is expected to be repaid by a tax mill levy no higher than the Maximum Debt Mill Levy for commercial and residential properties, and/or repaid by Assessments. Debt which is issued within these parameters will insulate property owners from excessive tax burdens to support the servicing of the Debt and will result in a timely and reasonable discharge of the Debt.

This Governing Document is intended to establish a limited purpose for the Districts and explicit financial constraints that are not to be violated under any circumstances. The primary purpose is to provide for the Public Improvements associated with development and regional needs. Operational activities are allowed, but only by agreement with the City by amending this Governing Document or through an Interlocal Agreement, and as provided through a relevant public entity or by the Districts if statutory changes occur subsequent to approval of this Governing Document that allow the Districts to directly provide for operational activities.

It is the intent of the Districts to dissolve upon payment or defeasance of all Debt incurred or upon a determination that adequate provision has been made for the payment of all Debt, and if the Districts has authorized operating functions, to retain only the power necessary to impose and collect taxes or Fees to pay for these costs.

C. Limitation on Applicability. This Governing Document is not intended to and does not create any rights or remedies in favor of any party other than the City. Failure of the Districts to comply with any terms or conditions of this Governing Document shall not relieve any party of an obligation to the Districts or create a basis for a party to challenge the incorporation or operation of the Districts, or any Debt issued by the Districts.

The Districts will obtain applicable permits for construction and installation of Public Improvements prior to performing such work. Land easements, or improvements to be conveyed or dedicated to the City and any other local government entity shall be conveyed in accordance with the related standards at no cost to the City. All public infrastructure within the Districts, which will be connected to and owned by another public entity, shall be subject to all design and inspection requirements and other standards of such public entity. The Districts shall be subject to City zoning, subdivision, building codes, and all other applicable City ordinances and regulations. Approval of the Governing Document shall not bind the City to approve other matters which the Districts or developer may request. The Districts shall pay all fees and expenses as provided in the Governing Document.

The Districts shall be subject to the State of Utah's procurement statutes and regulations. At a minimum, the acquisition of completed or partially completed improvements shall be for fair market value, as reasonably determined by a surveyor or engineer.

D. Annexation and Withdrawal.

(a) The City, by approval of this Governing Document, has consented to the annexation of any area within the Districts' Area into any District. Such area may only be annexed after obtaining consent of all property owners and registered voters, if any, within the area proposed to be annexed and the passage of a resolution of the Board of the District approving the annexation. The Districts shall not annex within their boundaries any property outside the Districts' Area without the prior written consent of the City.

(b) The City, by approval of this Governing Document, has consented to the withdrawal from the Districts of any property within the Districts' Area. Such area may only be withdrawn from the District after obtaining consent of all property owners and registered voters, if any, within the area proposed to be withdrawn and the passage of a resolution of the Board of the District approving the withdrawal.

(c) Any annexation or withdrawal shall be in accordance with the requirements of the PID Act.

(d) Upon any annexation or withdrawal, the Districts shall provide the City a description of the revised Districts' Boundaries.

(e) Annexation or withdrawal of any area in accordance with this section shall not constitute an amendment of this Governing Document.

E. Governing Document Amendment Requirement. This Governing Document has been designed with sufficient flexibility to enable the Districts to provide required facilities under evolving circumstances without the need for numerous amendments. Subject to the limitations and exceptions contained herein, this Governing Document may be amended by passage of a resolution of the City and the applicable Districts approving such amendment.

F. Total Debt Issuance Limitation. The Districts shall not issue Debt in excess of an aggregate amount of One Billion Dollars (\$1,000,000,000). This amount excludes any portion of bonds issued to refund a prior issuance of debt by the Districts.

G. Bankruptcy Limitation. All of the limitations contained in this Governing Document, including, but not limited to, those pertaining to the Maximum Debt Mill Levy, have been established under the authority of the City to approve a Governing Document with conditions pursuant to Section 17D-4-201(5), Utah Code. It is expressly intended that such limitations:

(a) Shall not be subject to set-aside for any reason or by any court of competent jurisdiction, absent a Governing Document Amendment; and

(b) Are, together with all other requirements of Utah law, included in the "political or governmental powers" reserved to the State under the U.S. Bankruptcy Code (11 U.S.C.) Section 903, and are also included in the "regulatory or electoral approval necessary under applicable non-bankruptcy law" as required for confirmation of a Chapter 9 Bankruptcy Plan under Bankruptcy Code Section 943(b)(6).

Any Debt, issued with a pledge or which results in a pledge, that exceeds the Maximum Debt Mill Levy, shall be deemed a material modification of this Governing Document and shall not be an authorized issuance of Debt unless and until such material modification has been approved by the City as part of a Governing Document Amendment.

H. Alternative District Types. If it is determined, in the sole discretion of the Board of any District, that the particular District is not adequately serving the project, the Board may convert or replace the District with an alternative type of local district, special service district or other statutorily created governmental entity whether in existence at the time of approval of this Governing Document or established subsequent to the approval of this Governing Document. At the direction of a Board, any District may, in accordance with applicable law and after obtaining consent from the City, be converted from a public infrastructure district to an alternative governmental entity.

I. Multiple District Structure. It is anticipated that the Districts, collectively, will undertake the financing and construction of the Public Improvements. The nature of the functions and services to be provided by each District may be clarified in an interlocal agreement between and among one or more of the Districts. All such agreements will be designed to help assure the orderly development of the Public Improvements and essential services in accordance with the requirements of this Governing Document.

## VI. THE BOARD OF TRUSTEES

A. Board Composition. The Board shall be composed of five (5) Trustees, who shall be appointed by the City Council pursuant to the PID Act. All Trustees shall be at large seats. All terms shall commence on the date of issuance of a certificate of creation by the Office of the Lieutenant Governor of the State of Utah. In accordance with the PID Act, appointed Trustees shall not be required to be residents of such District. Upon any annexation or withdrawal in accordance with this Governing Document, any affected District may adjust its anticipated residential certificates of occupancy to reflect such boundary change.

Debt, when issued, will comply with all relevant requirements of this Governing Document, State law and Federal law as then applicable to the issuance of public securities. The maximum term for the bonds will be 40 years, not including refundings.

Similar language describing the limitations in respect of the payment of the principal of and interest on Debt set forth in this Governing Document shall be included in any document used for the offering of the Debt for sale to persons, including, but not limited to, a developer of property within the boundaries of the Districts.

E. Security for Debt.

The Districts shall not pledge as security any land, assets, funds, revenue or property of the City, or property to be conveyed to the City, as security for the indebtedness set forth in this Governing Document. Approval of this Governing Document shall not be construed as a guarantee by the City of payment of any of the Districts’ obligations; nor shall anything in the Governing Document be construed so as to create any responsibility or liability on the part of the City in the event of default by the Districts in the payment of any such obligation. All debt issued by the Districts for which a tax is pledged to pay the debt service shall meet the requirements of all applicable statutes.

F. Bond and Disclosure Counsel; Municipal Advisor.

It is the intent of the City that the Districts shall use competent and nationally recognized bond counsel, disclosure counsel and a Municipal Advisor with respect to the Districts' Bonds to ensure proper issuance and compliance with this Governing Document. The forgoing requirement may be waived by written agreement by the City.

C. Notice of Action. If state law requires that the Districts provide public notice prior to taking any action, the Districts shall provide the City with notice of such potential action at least seven (7) days prior to the date the Districts are required to provide public notice under state law.

**IX. DISSOLUTION**

Upon an independent determination of the City Council that the purposes for which the District were created have been accomplished, the Districts agree to file petitions for dissolution, pursuant to the applicable State statutes. In no event shall a dissolution occur until such Districts

have provided for the payment or discharge of all of their outstanding indebtedness and other financial obligations as required pursuant to State statutes.

**XI. ENFORCEMENT.**

In accordance with Section 17D-4-201(5) of the Utah Code, the City may impose limitations on the powers of the Districts through this Governing Document. The City shall have the right to enforce any of the provision, limitations or restrictions in this Governing Document against the Districts, through any and all legal or equitable means available to the City, including, but not limited to, injunctive relief.
