WHEREAS, a petition (“Petition”) was filed with the City requesting adoption by resolution the approval of the creation of five (5) public infrastructure districts pursuant to the Public Infrastructure District Act, Title 17D, Chapter 4, Utah Code Annotated 1953, as amended (“PID Act”) and relevant portions of the Limited Purpose Local Government Entities - Special Districts, Title 17B (together with the PID Act, the “Act”) within the City and the annexation or withdrawal of any portion of the boundaries of the Districts therefrom without further approval or hearings of the City or the Council, as further described in the Governing Document (as hereinafter defined) for the purpose of financing public infrastructure costs; and

WHEREAS, pursuant to the terms of the Act, the City may create one or more public infrastructure Districts by adoption of a resolution of the Council and with consent of 100% of all surface property owners proposed to be included in the Districts (“Property Owners”); and

WHEREAS, the Petition, containing the consent of such Property Owners has been certified by the Recorder of the City pursuant to the Act and it is in the best interests of the Property Owners that the creation of the Districts be authorized in the manner and for the purposes hereinafter set forth; and

WHEREAS, the City, prior to consideration of this Resolution, held public hearings after 6:00 p.m. to receive input from the public regarding the creation of the Districts and the Property Owners have waived the 60-day protest period pursuant to Section 17D-4-201 of the PID Act; and

WHEREAS, the hearing on the Petition was held at the City Hall because there is no reasonable place to hold a public hearing within the Districts’ boundaries, and the hearing at the City Hall was held as close to the applicable area as reasonably possible; and

WHEREAS, the City properly published notice of the public hearing in compliance with Section 17B-1-211(1) of the Act; and

WHEREAS, none of the Property Owners submitted a withdrawal of consent to the creation of the Districts before the public hearing on the Petition; and

WHEREAS, according to attestations filed with the City, each board member appointed under this Resolution is registered to vote at their primary residence and is further eligible to serve as a board member of the Districts under Section 17D-4-202(c) of the PID Act because they are agents of property owners within the Districts’ boundaries (as further set forth in the Petition); and

WHEREAS, it is necessary to authorize the creation of the Districts under and in compliance with the laws of the State of Utah and to authorize other actions in connection therewith; and

WHEREAS, the governance of the Districts shall be in accordance with the PID Act and the terms of a governing document (“Governing Document”) attached hereto as Exhibit B and an Interlocal Agreement between the City and the Districts, attached to the Governing Document as Governing Document Exhibit D; and

3. Pursuant to the terms of the PID Act, the Council does hereby approve the annexation or withdrawal of any area within the Annexation Area (as defined in the Governing Document) into or from the Districts, as applicable, without any further action, hearings, or resolutions of the Council or the City, upon compliance with the terms of the PID Act and the Governing Document.

4. The Council does hereby authorize the Districts to provide services relating to the financing and construction of public infrastructure within and without the Annexation Area upon annexation thereof into the Districts without further request of the Districts to the City to provide such service under 17B-1-407, Utah Code Annotated 1953 or resolutions of the City under 17B-1-408, Utah Code Annotated 1953.

5. It is hereby found and determined by the Council that the creation of the Districts is appropriate to the general welfare, order and security of the City, and the organization of the Districts pursuant to the PID Act is hereby approved.

9. Prior to recordation of certificates of creation for all Districts, the Council does hereby authorize the Mayor, a Councilmember, the City Attorney, or the City Manager to make any corrections, deletions, or additions to the Governing Document, the Interlocal Agreement, and the Boundary Notices or any other document herein authorized and approved (including, but not limited to, corrections to the property descriptions therein contained) which may be necessary to conform the same to the intent hereof, to correct errors or omissions therein, to complete the same, to remove ambiguities therefrom, or to conform the same to other provisions of said instruments, to the provisions of this Resolution or any resolution adopted by the Council or the provisions of the laws of the State of Utah or the United States.

10. The Boards of Trustees of the Districts (the “District Boards”) are hereby authorized and directed to record such Governing Document with the recorder of Salt Lake County within thirty (30) days of the issuance of the Certificate of Creation by the Office of the Lieutenant Governor of the State of Utah.

11. If any section, paragraph, clause or provision of this Resolution shall for any reason be held to be invalid or unenforceable, the invalidity or unenforceability of such section, paragraph, clause or provision shall not affect any of the remaining provisions of this Resolution.

12. All acts, orders and resolutions, and parts thereof in conflict with this Resolution be, and the same are hereby, rescinded.

I. INTRODUCTION

A. Purpose and Intent

The Districts are independent units of local government, separate and distinct from the City, and, except as may otherwise be provided for by State or local law or this Governing Document, their activities are subject to review by the City only insofar as they may deviate in a material matter from the requirements of the Governing Document. It is intended that the Districts will provide a part or all of the Public Improvements for the use and benefit of all anticipated inhabitants and taxpayers of the Districts. The primary purpose of the Districts will be to finance the construction of these Public Improvements. The Districts are not being created to provide any ongoing operations and maintenance services.

B. Need for the Districts

There are currently no other governmental entities, including the City, located in the immediate vicinity of the Districts that consider it desirable, feasible or practical to undertake the planning, design, acquisition, construction installation, relocation, redevelopment, and financing of the Public Improvements needed for the Project. Formation of the Districts is therefore necessary in order for the Public Improvements required for the Project to be provided in the most economic manner possible.

C. Objective of the City Regarding Districts' Governing Document

The City's objective in approving the Governing Document for the Districts is to authorize the Districts to provide for the planning, design, acquisition, construction, installation, relocation and redevelopment of the Public Improvements from the proceeds of Debt to be issued by one or both of the Districts (or interlocal entity formed by the Districts). All Debt is expected to be repaid by taxes imposed and collected for no longer than the Maximum Debt Mill Levy Imposition Term and at a tax mill levy no higher than the Maximum Debt Mill Levy, and/or fees and Assessments. Debt which is issued within these parameters will insulate property owners from excessive tax burdens to support the servicing of the Debt and will result in a timely and reasonable discharge of the Debt.

This Governing Document is intended to establish a limited purpose for the Districts and explicit financial constraints that are not to be violated under any circumstances. The primary purpose is to provide for the Public Improvements associated with development and regional needs. Operational activities are allowed, but only through an Interlocal Agreement with the City or other relevant public entity with written consent of the City.

It is the intent of the Districts to dissolve upon payment or defeasance of all Debt incurred or upon a determination that adequate provision has been made for the payment of all Debt of such District, disbursed or assigned all Fees payable to such District, disbursed of all assets of such District, and if the District has authorized operating functions under an Interlocal Agreement, to retain only the power necessary to impose and collect Fees to pay for these costs.

The Districts shall be authorized to finance the Public Improvements that can be funded from Debt to be repaid from Assessments or from tax revenues collected from a mill levy which shall not exceed the Maximum Debt Mill Levy on taxable properties and which shall not exceed the Maximum Debt Mill Levy Imposition Term on taxable properties (or repaid from a combination of Fees, Assessments or a mill levy). It is the intent of this Governing Document that Fees be paid at or before the time of conveyance of such parcel to an End User and to assure to the extent possible that no taxable property bear an economic burden that is greater than that associated with the Maximum Debt Mill Levy in amount and that no taxable property bear an economic burden that is greater than that associated with the Maximum Debt Mill Levy

Imposition Term in duration even under bankruptcy or other unusual situations. Generally, the cost of Public Improvements that cannot be funded within these parameters are not costs to be paid by the Districts.

V. DESCRIPTION OF PROPOSED POWERS, IMPROVEMENTS AND SERVICES

A. Powers of the Districts and Governing Document Amendment

The Districts shall have the power and authority to provide the Public Improvements within and without the boundaries of the Districts as such power and authority is described in the District Act, and other applicable statutes, common law and the Constitution, subject to the limitations set forth herein.

1. Operations and Maintenance Limitation

The purpose of the Districts is to plan for, design, acquire, construct, install, relocate, redevelop, and finance the Public Improvements. The nature, type, phasing, and intensity of development that the Public Improvements will support within the District Area is set forth in one or more separate and independent development agreements applicable to the District Area. The Districts shall dedicate the Public Improvements to the City or other appropriate public entity or owners association in a manner consistent with the development agreement(s) and other rules and regulations of the City and applicable provisions of the City Code. The Districts shall be authorized, but not obligated, to own, operate and maintain Public Improvements not otherwise required to be dedicated to the City or other public entity.

2. *[reserved]*

3. Construction Standards Limitations

The Districts will ensure that the Public Improvements are designed and constructed in accordance with the standards and specifications of the City and of other governmental entities having proper jurisdiction. The Districts will obtain the City's approval of civil engineering plans and will obtain applicable permits for construction and installation of Public Improvements prior to performing such work. Public Improvements shall be subject to the ordinary inspection and approval procedures of the City and other governmental entities having proper jurisdiction.

4. Procurement

The Districts shall be subject to the Utah Procurement Code, Title 63G, Chapter 6a. Notwithstanding this requirement, the Districts may acquire completed or partially completed improvements for fair market value as reasonably determined by any one of a surveyor or engineer that such District employs or engages to perform the necessary engineering services for and to supervise the construction or installation of the improvements.

5. Privately Placed Debt Limitation

Prior to the issuance of any privately placed Debt, a District shall obtain the certification of a Municipal Advisor substantially as follows:

We are [I am] a Municipal Advisor within the meaning of the District's Governing Document. We [I] certify that (1) the net effective interest rate to be borne by [insert the designation of the Debt] does not exceed a reasonable current [tax-exempt] [taxable] interest rate, using criteria deemed appropriate by us [me] and based upon our [my] analysis of comparable high yield securities; and (2) the structure of [insert designation of the Debt], including maturities and early redemption provisions, is reasonable considering the financial circumstances of the District.

6. Annexation and Withdrawal

- (a) The Districts shall not include within any of their boundaries any property outside the District Area without the prior written consent of the City. The City, by approval of this Governing Document, has consented to the annexation of any area within the Annexation Area Boundaries into any of the Districts. Such area may only be annexed upon such District obtaining consent of all property owners and registered voters, if any, within the area proposed to be annexed and the passage of a resolution of such District's Board approving such annexation.
- (b) The City, by approval of this Governing Document, has consented to the withdrawal of any area within the District Boundaries from any of the Districts. Such area may only be withdrawn upon such District obtaining consent of all property owners and registered voters, if any, within the area proposed to be withdrawn and the passage of a resolution of such District's Board approving such annexation.

- (d) Upon any annexation or withdrawal, such District shall provide the City a description of the revised District Boundaries.
- (e) Annexation or withdrawal of any area in accordance with V.A.6(a) and (b) shall not constitute an amendment of this Governing Document.

Additionally the Districts shall not consent to the organization of any other public infrastructure district organized under the PID Act within the District Area which will overlap the boundaries of the Districts unless the aggregate mill levy for payment of Debt of such proposed districts will not at any time exceed the Maximum Debt Mill Levy of the Districts.

8. Initial Debt

10. Bankruptcy Limitation

All of the limitations contained in the Governing Document, including, but not limited to, those pertaining to the Maximum Debt Mill Levy, Maximum Debt Mill Levy Imposition Term and the Fees have been established under the authority of the City to approve a Governing Document with conditions pursuant to Section 17D-4-201(5), Utah Code. It is expressly intended that such limitations:

- (a) Shall not be subject to set-aside for any reason or by any court of competent jurisdiction, absent a Governing Document Amendment; and
- (b) Are, together with all other requirements of Utah law, included in the “political or governmental powers” reserved to the State under the U.S. Bankruptcy Code (11 U.S.C.) Section 903, and are also included in the “regulatory or electoral approval necessary under applicable nonbankruptcy law” as required for confirmation of a Chapter 9 Bankruptcy Plan under Bankruptcy Code Section 943(b)(6).

Any Debt, issued with a pledge or which results in a pledge, that exceeds the Maximum Debt Mill Levy and the Maximum Debt Mill Levy Imposition Term, shall be deemed a material modification of this Governing Document and shall not be an authorized issuance of Debt unless and until such material modification has been approved by the City as part of a Governing Document Amendment.

11. Governing Document Amendment Requirement

- (a) This Governing Document has been designed with sufficient flexibility to enable the District to provide required facilities under evolving circumstances without the need for numerous amendments. Actions of the Districts which violate the limitations set forth in V.A.1-9 above or in VIII.B-G shall be deemed to be material modifications to this Governing Document and the City shall be entitled to all remedies available under State and local law to enjoin such actions of the Districts.
- (b) Subject to the limitations and exceptions contained herein, this Governing Document may be amended by passage of resolutions of the City and the Districts approving such amendment.

B. Preliminary Engineering Survey

The Districts shall have authority to provide for the planning, design, acquisition, construction, installation, relocation, redevelopment, maintenance, and financing of the Public Improvements within and without the boundaries of the Districts, as specified application materials relating to the Districts and as may be further defined in an applicable development agreement. An estimate of the costs of the Public Improvements which may be planned for, designed, acquired, constructed, installed, relocated, redeveloped, maintained or financed was prepared based upon a preliminary engineering survey and estimates derived from the zoning on the property in the District Area and is approximately Fifty-Five Million Dollars (\$55,000,000).

All of the Public Improvements will be designed in such a way as to assure that the Public Improvements standards will be compatible with those of the City and/or any other applicable public entity. All construction cost estimates are based on the assumption that construction conforms to applicable local, State or Federal requirements.

C. Multiple District Structure

It is anticipated that the Districts, collectively, will undertake the financing and construction of the Public Improvements. The nature of the functions and services to be provided by each District may be clarified in an interlocal agreement between and among the Districts. All such agreements will be designed to help assure the orderly development of the Public Improvements and essential services in accordance with the requirements of this Governing Document. Said interlocal agreement may be amended by mutual agreement of the Districts without the need to amend this Governing Document.

VI. THE BOARD OF TRUSTEES

Trustee terms for each District shall be staggered with initial terms as follows: Trustee 2 shall serve an initial term of 4 years; Trustees 1 and 3 shall serve an initial term of 6 years. All terms shall commence on the date of issuance of a certificate of creation by the Office of the Lieutenant Governor of the State of Utah. In accordance with the PID Act, appointed Trustees shall not be required to be residents of such District.

B. Future Board Composition

1. Districts without Registered Voters

So long as there are no registered voters within a District, the respective board seats for such District shall continue to be appointed by the City from the candidates recommended by owners of land within such District and comprised of owners of land or their agents and officers who are registered voters at their principal residence.

2. Districts with Registered Voters

Prior to the issuance of Bonds by a District anticipated to have Registered Voters, such District shall estimate the number of certificates of occupancy to be issued by the City within such District (the "Estimated COO"). Upon attainment of the Estimated COO, the respective board seats for such District's Board shall transition from appointed to elected seats following the expiration of the then current term for such Board member. Seats on the Board may transition prior to attainment of the Estimated COO if approved in a resolution adopted by such Board.

C. Reelection and Reappointment

Upon the expiration of a Trustee's respective term, any seat which has not transitioned to an elected seat shall be appointed by the City Council pursuant to the PID Act and any seat which has transitioned to an elected seat shall be elected pursuant to an election held for such purpose. In the event that no qualified candidate files to be considered for appointment or files a declaration of candidacy for a seat, such seat may be filled in accordance with the Special District Act.

Any vacancy on the Board shall be filled pursuant to the Special District Act.

E. Compensation

Unless otherwise permitted by the PID Act, only Trustees who are residents of the District may be compensated for services as Trustee. Such compensation shall be in accordance with State Law.

VIII. FINANCIAL PLAN

A. General

The Districts shall be authorized to provide for the planning, design, acquisition, construction, installation, relocation and/or redevelopment of the Public Improvements from their revenues and by and through the proceeds of Debt to be issued by such District. In addition, the Districts shall be permitted to finance the prepayment of impact fees for the Project. The Financial Plan for the Districts shall be to issue such Debt as the Districts can reasonably pay within the Maximum Debt Mill Levy Imposition Term from revenues derived from the Maximum Debt Mill Levy, Assessments, Fees, and other legally available revenues. So long as Debt is issued in accordance with the provisions of this Governing Document, there is no limit to the amount of Debt that may be issued by any District. The total Debt shall be permitted to be issued on a schedule and in such year or years as the Districts determine shall meet the needs of the Financial Plan referenced above and phased to serve development as it occurs. All bonds and other Debt issued by the Districts may be payable from any and all legally available revenues of the Districts, including general ad valorem taxes to be imposed upon all Taxable Property within the District, Fees, and Assessments. The District may also rely upon various other revenue sources authorized by law. These will include the power to assess Fees, penalties, or charges, including as provided in Section 17D-4-304, Utah Code, as amended from time to time.

B. Maximum Voted Interest Rate and Maximum Underwriting Discount

The interest rate on any Debt is expected to be the market rate at the time the Debt is issued. In the event of a default, the proposed maximum interest rate on any Debt is not expected to exceed eighteen percent (18%). The proposed maximum underwriting discount will be five percent (5%). Debt, when issued, will comply with all relevant requirements of this Governing Document, State law and Federal law as then applicable to the issuance of public securities.

C. Limitations on Fees and Assessments

- (a) All Fees and Assessments (other than C-PACE Assessments) imposed by any District on a parcel zoned for residential uses shall be payable at or before the time of conveyance of such parcel to an End User. There is no maximum amount of Fees that may be imposed by a District, provided that all such fees shall be related to administrative expenses of the District, the

provision of Public Improvements, and debt service on Bonds relating thereto.

- (b) Any Assessments issued under the C-PACE Act may be repayable in accordance with the provisions of such statute.

D. Maximum Debt Mill Levy

- (a) The “Maximum Debt Mill Levy” shall be the maximum mill levy the Districts are permitted to impose upon the taxable property within the District for payment of Limited Tax Debt shall be 0.005 per dollar of taxable value of taxable property in the District; provided that such levy shall be subject to adjustment as provided in Section 17D-4-301(8), Utah Code.
- (b) Such Maximum Debt Mill Levy may only be amended pursuant to a Governing Document Amendment and as provided in Section 17D-4-202, Utah Code.

E. Maximum Debt Mill Levy Imposition Term

Each bond issued by the District shall mature within Thirty-One (31) years from the date of issuance of such bond. In addition, no mill levy may be imposed for the repayment of a series of bonds after a period exceeding Forty (40) years from the first date of imposition of the mill levy for such bond (the “Maximum Debt Mill Levy Imposition Term”).

F. Debt Repayment Sources

The Districts may impose a mill levy on taxable property within its boundaries and Fees as primary sources of revenue for repayment of debt service. The District may also rely upon various other revenue sources authorized by law. At the Districts’ discretion, these may include the power to assess Assessments, penalties, or charges, including as provided in Section 17D-4-304, Utah Code, as amended from time to time. Except as described in Section VIII.C(a), the debt service mill levy in the Districts shall not exceed the Maximum Debt Mill Levy or, the Maximum Debt Mill Levy Imposition Term, except for repayment of General Obligation Debt.

The Districts shall not be permitted to charge an End User the costs of any portion of a Public Improvement for which such End User has already paid or is presently obligated to pay through any combination of mill levy, Fees, Assessment, or impact fee. This provision shall not prohibit the division of costs between mill levies, Fees, Assessments, or impact fees, but is intended to prevent double charging of End Users for the costs of Public Improvements.

G. Debt Instrument Disclosure Requirement

In the text of each Bond and any other instrument representing and constituting Debt, the Districts shall set forth a statement in substantially the following form:

By acceptance of this instrument, the owner of this Bond agrees and consents to all of the limitations in respect of the payment of the principal of and interest on this Bond contained herein, in the resolution of the District authorizing the issuance of this Bond and in the Governing Document for creation of the District.

Similar language describing the limitations in respect of the payment of the principal of and interest on Debt set forth in this Governing Document shall be included in any document used for the offering of the Debt for sale to persons, including, but not limited to, a developer of property within the boundaries of the Districts.

H. Security for Debt

The Districts shall not pledge any revenue or property of the City as security for the indebtedness set forth in this Governing Document. Approval of this Governing Document shall not be construed as a guarantee by the City of payment of any of the Districts' obligations; nor shall anything in the Governing Document be construed so as to create any responsibility or liability on the part of the City in the event of default by the Districts in the payment of any such obligation.

I. Districts' Operating Costs

The estimated cost of acquiring land, engineering services, legal services and administrative services, together with the estimated costs of the Districts' organization and initial operations, are anticipated to be Two Hundred Fifty Thousand Dollars (\$250,000), which will be eligible for reimbursement from Debt proceeds.

In addition to the capital costs of the Public Improvements, the Districts will require operating funds for administration and to plan and cause the Public Improvements to be constructed. The first year's operating budget is estimated to be approximately Fifty Thousand Dollars (\$50,000) which is anticipated to be derived from property taxes and other revenues. It is anticipated that the operating budget will increase at approximately two percent (2%) each year after the first year.

COVENANTS AND AGREEMENTS

1. Operations and Maintenance. The purpose of the Districts is to plan for, design, acquire, construct, install, relocate, redevelop, and finance the Public Improvements. The nature, type, phasing, and intensity of development that the Public Improvements will support within the District Area is set forth in one or more separate and independent development agreements applicable to the District Area. The Districts shall dedicate the Public Improvements (as defined in the Governing Document) to the City or other appropriate public entity or owners association in a manner consistent with the rules and regulations of the City and applicable provisions of the City Code and any development agreement. The Districts shall be authorized, but not obligated, to own, operate and maintain Public Improvements not otherwise required to be dedicated to the City or other public entity.

2. *[reserved]*

3. Construction Standards. The Districts will ensure that the Public Improvements are designed and constructed in accordance with the standards and specifications of the City and of other governmental

entities having proper jurisdiction, as applicable. The Districts will obtain the City's approval of civil engineering plans and will obtain applicable permits for construction and installation of Public Improvements prior to performing such work. Public Improvements shall be subject to the ordinary inspection and approval procedures of the City and other governmental entities having proper jurisdiction.

4. Issuance of Privately Placed Debt. Prior to the issuance of any privately placed Debt, the Districts shall obtain the certification of a Municipal Advisor substantially as follows:

We are [I am] a Municipal Advisor within the meaning of the District's Governing Document. 5. Inclusion Limitation. The Districts shall not include or withdrawal into or from their boundaries any property outside the District Area without the prior written consent of the City. By the Governing Document, the City has consented to the annexation or withdrawal of any area within the Annexation Area Boundaries into or from any of the Districts. The Districts shall not include within any of its boundaries any property inside the inclusion area boundaries without the prior written consent of the City except upon petition of the surface property owners of 100 percent of such property and/or 100 percent of registered voters within the area to be included, as applicable, as provided in Section 17D-4-201(3), Utah Code.

6. Overlap Limitation. The boundaries of the Districts shall not overlap unless the aggregate mill levy for payment of Debt of the overlapping Districts will not at any time exceed the Maximum Debt Mill Levy of the Districts. Additionally, the Districts shall not consent to the organization of any other public infrastructure district organized under the PID Act within the District Area which will overlap the boundaries of the Districts unless the aggregate mill levy for payment of Debt of such proposed districts will not at any time exceed the Maximum Debt Mill Levy of the Districts.

7. Initial Debt. Upon the issuance of a certificate of creation of a District issued by the Office of the Lieutenant Governor of the State of Utah, such District shall be permitted to: (i) issue Debt; and/or (ii) impose a mill levy for the payment of Debt and collect Fees and Assessments for the purpose of repayment of Debt.

8. No Debt Issuance Limitation. So long as Debt is issued in accordance with the provisions of this Governing Document, there is no limit to the amount of Debt that may be issued by any District.
