Issue 1

January 2020

Greetings!

As part of our Vendor Communications Plan, we committed to scheduling and sponsoring a series of Pilot Vendor Calls and All Vendor Calls. Our goal? Help you become “eWIC Ready,” capable of performing eWIC transactions and receiving payments by direct deposit. During our first calls, we promised to publish a list of future calls.

I’m pleased to send you the dates for future Pilot Vendor Calls and All Vendor Calls. Please, “Save These Dates”.

Thank you for your support.

Sincerely,

Chris Furner, MS CHES
WIC Program Manager

Moving to eWIC

Clinics in Davis, Morgan, Summit and Weber counties will no longer issue paper WIC checks effective June 1st. Effective September 28th, no Utah WIC clinic will be able to issue paper WIC checks. Stores in the pilot area should expect no paper WIC checks after October 2020. There should be no more WIC paper checks statewide after January 2021.

Finally, a pilot area store not “EBT Ready” before June 1st and a non-pilot store not “EBT Ready” as of September 28th can accept WIC paper checks, but after January 2021, the store will be terminated.
